# ARPER ATELIER

**A team fully focused on  
bespoke furniture, contract  
interiors, retail and other  
amenities**

## IT IS

- A department inside Arper in charge of managing all those products (and services) not included in our Catalogue
- A Team composed by 6 persons with different skills and working experience accrued especially in retail development
- A quite new field for Arper but based on Iride's heritage and strong of a suppliers and artisans network with a worldwide recognized expertise
- A service to help Architectural Studios and Clients to manage at best their projects.

# HOW WE HELP YOU

- Analyzing your brief and rapidly decide what solutions are better for your project
- Helping during the finishes decision process, giving support also by economic aspects
- Developing executive drawings to transform your ideas in something feasible
- Producing Bespoke items, after your approval, ensuring the same quality approach of Arper std collection
- Managing logistics aspects (packaging, freight and delivery)
- Providing in advance a site visit to understand better all building peculiarities
- Installing with a white gloves service

# IT IS NOT

- a forger of copyrighted items
- a General contractor
- a Product Design Studio
- an Architectural Studio
