The image displays a microscopic view of ceramic breccia. It features a dark, fibrous matrix that binds together numerous white, angular fragments of varying sizes. The fragments are irregularly shaped and appear to be embedded within the matrix, which has a complex, interconnected network structure. The overall appearance is that of a composite material with a high degree of fragmentation and bonding.

KERAMIK BRECCIA

SKORPIO KERAMIK table with bronze base and breccia ceramic top - GINEVRA chairs in soft leather 951 argilla and black frame - KIDAL lamps - MAPOON rugs

BILLY KERAMIK coffee tables with black base and breccia ceramic top - AIRPORT bookcase - RADJA rug

The image displays a detailed view of a ceramic tile with a marbled pattern. The background is a dark, charcoal grey color, overlaid with intricate, organic veins of light grey and off-white. Interspersed within these veins are small, irregular spots of a warm, golden-brown or terracotta hue. The overall effect is a complex, natural-looking texture. A horizontal white band is positioned across the middle of the image, containing the text 'KERAMIK ARENAL' in a clean, black, sans-serif font.

KERAMIK ARENAL
