In occasione del Salone del Mobile.Milano 2025, Lema presenta una nuova fase progettuale focalizzata su un abitare evoluto che unisce innovazione e continuità, con un equilibrio tra estetica raffinata e funzionalità quotidiana. Le novità principali — il divano Mirea, il sistema modulare L25 e il sistema di rivestimenti Omnya — incarnano la visione di Lema per una casa contemporanea accogliente, personalizzabile e duratura. Mirea, disegnato da Roberto Lazzeroni, interpreta il comfort con linee avvolgenti e un’eleganza onirica; L25 reinterpreta la modularità tra zona giorno e notte; Omnya eleva la sartorialità trasformando pareti e armadi in scenografie architettoniche.

Inoltre, sistemi iconici come LT40 si arricchiscono con nuovi elementi e funzionalità, mentre arredi come la poltroncina Omega e Miki si rinnovano per esprimere accoglienza sofisticata e versatilità. Un approccio sartoriale che crea ambienti armoniosi e fluidi, sempre proiettati verso il futuro.

At the Salone del Mobile.Milano 2025, Lema unveils a new design phase focused on an evolved way of living that balances innovation and continuity, combining refined aesthetics with everyday functionality. The main new products — the Mirea sofa, the modular L25 system, and the Omnya cladding system — embody Lema's vision for a contemporary home that is welcoming, customizable, and built to last. Designed by Roberto Lazzeroni, Mirea interprets comfort with enveloping lines and a dream-like elegance; L25 reimagines modularity between living and sleeping areas; Omnya elevates craftsmanship by transforming walls and wardrobes into continuous architectural scenes. Additionally, iconic systems like LT40 are enhanced with new elements and features, while furnishings such as the Omega armchair and Miki are refreshed to express sophisticated hospitality and versatility. A tailor-made approach that creates harmonious and fluid environments, always looking towards the future.

# Mirea

Mirea è un divano dal fascino onirico, definito da forme avvolgenti e una silhouette accogliente che bilancia comfort e rigore estetico. Il design delicato e sinuoso si sviluppa con profili arrotondati che evocano le onde gentili del mare, trasformandolo in un'oasi di tranquillità e bellezza. L'ergonomia è il cuore del progetto: i morbidi cuscini offrono un comfort eccellente, mentre la base, alta e dolcemente rastremata verso il basso, dona slancio ed eleganza alla struttura. Ogni dettaglio esprime maestria artigianale: cuciture impeccabili, finiture sofisticate e una strut-

tura solida pensata per durare nel tempo. Il sistema modulare permette composizioni versatili, mentre l'imbottitura a quote differenziate con parti indeformabili in poliuretano e cinghie elastiche, assicura supporto e morbidezza. Disponibile in una vasta gamma di tessuti e pelli, Mirea offre infinite possibilità di personalizzazione ed un'esperienza sensoriale unica.

Mirea is a dreamlike sofa, defined by enveloping curves and a welcoming silhouette striking a perfect balance between comfort and aesthetic precision. Its delicate, sinuous lines flow in rounded profiles reminiscent of gentle ocean waves, transforming it into an oasis of tranquility and beauty. At its core lies ergonomics: plush cushions offer exceptional comfort, while the high base, gracefully tapering downward, lends the structure a sense of lightness and elegance. Every detail speaks of expert craftsmanship, from the impeccable stitching and refined finish-

es to its solid construction built to endure. Thanks to its modular design, Mirea offers versatile configurations, adapting effortlessly to a variety of spaces. The differentiated-density padding, made with non-deformable polyurethane and elastic webbing, provides both enduring support and inviting softness. Available in an extensive selection of fabrics and leathers, Mirea invites endless customisation and promises a unique sensory experience.

L25 day

L25 è un innovativo sistema freestanding che unisce modularità, eleganza e intelligenza progettuale, trasformando gli spazi dell'abitare con soluzioni trasversali e altamente versatili. Composta da contenitori e ripiani, L25 si distingue per la scansione ritmica dei montanti in alluminio estruso, elementi portanti disponibili con fissaggio a pavimento-soffitto o a pavimento-parete. Il montante si sviluppa con slancio verticale, evocando dinamismo e solidità al tempo stesso, per dare vita a una struttura che sembra sospesa, con un equilibrio perfetto tra stabilità e leggerezza. Perfettamente adattabile sia alla zona giorno che alla zona notte,

L25 garantisce continuità estetica e funzionale. Nella versione giorno, riprende la griglia del sistema Selecta, accogliendo ripiani e moduli contenitori con cassetti o ribalte. Nella configurazione notte, si integra armoniosamente con la cabina VentiTre, mantenendone proporzioni, finiture e soluzioni tecniche, con una maggiore capacità contenitiva. Un sistema sofisticato e flessibile, progettato per definire e organizzare gli ambienti con coerenza stilistica ed estrema libertà compositiva.

Perfectly adaptable to both day and night areas, L25 ensures aesthetic and functional continuity. In the day configuration, it mirrors the grid of the Selecta system, with shelves and storage modules featuring drawers or drop-down doors. In the night version, it integrates seamlessly with the VentiTre wardrobe, maintaining consistent proportions, finishes, and technical solutions, whilst offering enhanced storage capacity.

# Omnya

Il sistema di rivestimenti Omnya completa e valorizza il sistema armadio, offrendo un'ampia gamma di pannellature in diverse finiture e dimensioni, pensate per rivestire sia gli armadi che le pareti. Omnya è totale e versatile, capace di avvolgere lo spazio con eleganza e trasformarlo con raffinatezza e funzionalità, per creare una continuità visiva sofisticata e un'estetica uniforme e avvolgente. Il rivestimento diventa parte di una nuova architettura domestica, ricercata e flessibile, adattabile a molteplici contesti abitativi: un total look armonioso. Le pannellature sono disponibili in sei larghezze e due altezze standard per adattarsi a diverse configurazioni architettoniche. A completare il sistema, porte singole e doppie a bilico, integrate in portali dedicati e dotate di cerniere ad alta portanza, garantiscono movimenti fluidi e precisi consentendo l'apertura a doppia mandata. Omnya offre un'ampia gamma di finiture, raccontando una maestria artigianale unica. I pannelli possono essere fissati direttamente alla parete o sullo schienale dell'armadio.

The Omnya upholstery system has been created to complete the wardrobe system, offering an extensive range of paneling in various finishes and sizes, designed to dress both wardrobes and walls. Omnya is both comprehensive and versatile, enveloping spaces with elegance and transforming them with refined functionality. The result is a sophisticated visual continuity and a seamless, enveloping aesthetic. Each panel becomes an integral element of a new domestic architecture, refined, adaptable, and perfectly suited to different living spaces, ensuring a harmonious, cohesive look. The panels are offered in six widths and two standard heights to accommodate a variety of architectural needs. The system is complemented by single and double pivot doors, seamlessly integrated into dedicated portals and fitted with high-load hinges, ensuring smooth, precise movements and a dual-latch opening mechanism. Omnya offers a rich palette of finishes, each one showcasing the brand's unparalleled artisanal expertise. Panels can be mounted directly to the wall or attached to the back of the wardrobe.

A collection is a time of creation, creating atmosphere, creating balance, creating beauty. A collection is the pleasure of welcoming, of living, of recognizing oneself. Lines, textures, volumes. From the very first glance to the quietest detail, the new LEMA collection is the story everyone wishes they could live.
