The R.I.G. Modules shelving system is able to transform into any number of solutions suitable for the living room, study, entrance hall and dining room: television stands, side tables for lighting, low tables next to sofas, credenzas and low height bookcases.

L I V I N

TECHEN

A shelving unit is paired with advanced technical solutions for the kitchen to offer an open storage system for provisions, glassware, cookware and kitchen utensils.

BAT

HRROOM

The R.I.G. Modules system is able to create original solutions for sophisticated bathrooms.

The solid construction of each module and the clean geometric lines of the setup are advantageous when working with natural stone and metal or with freestanding or wall-mounted units.

The system is completed with two types of mirrors: self-supporting or wall-mounted.

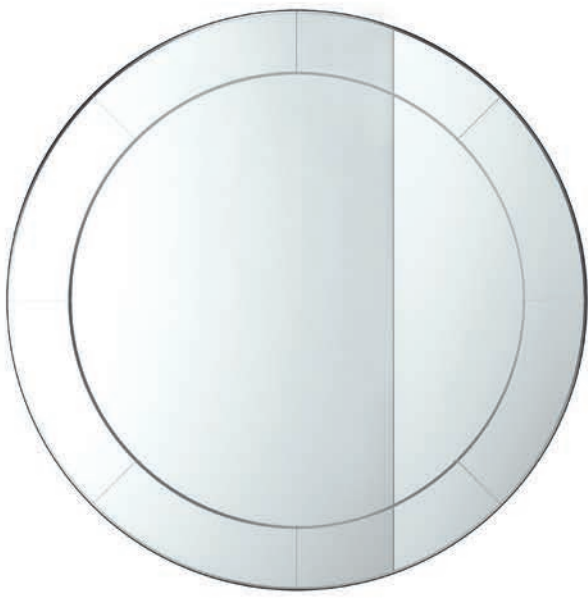

R.I.G. MODULES MIRRORS

The R.I.G. Modules lends itself to wardrobe solutions to create a simple and efficient way to store clothing in an open and uncomplicated setup complete with drawers, mirrors, hangers and essential elements common to traditional walk-in closets.

PAG. 75	TECHNICAL INFORMATION

Founded in 2012 in Copenhagen by the designer Mikal Harrsen and under consultancy of architect Adam Hall, MA/U Studio can be summed up in a few simple principles: clean lines, functionality and constant research without compromise on quality. Over the years, these objectives gave birth to the production of multifunctional furniture that reinterprets Scandinavian tradition in a contemporary way, being attentive to the expectations of global markets and focusing on space flexibility. A cultural trend increasingly crossing boundaries between professional and domestic interiors and favouring furniture pieces able to change and adapt to different spaces.

**R.I.G.
MODULES**

**RUDIMENTARY
INTERIOR
GEOMETRY**

DESIGN BY MIKAL HARRSEN

“by using well known construction techniques, we wanted to create a design with an absolute generic appearance, which would allow the structure and the materials to perform as the ultimate leading character”

**R.I.G.
BENCH**

**RUDIMENTARY
INTERIOR
GEOMETRY**

DESIGN BY MIKAL HARRSEN & ADAM HALL

**T.T.A.
TABLE**

**TRIBUTE
TO
ALBERS**

DESIGN BY MIKAL HARRSEN

“inspired by the optical experimental works of Josef Albers, we set out to create a simple geometrical structure for a table frame”

**N.E.T.
TABLE**

**NEVER
ENDING
TABLE**

DESIGN BY SØREN ULRIK PETERSEN

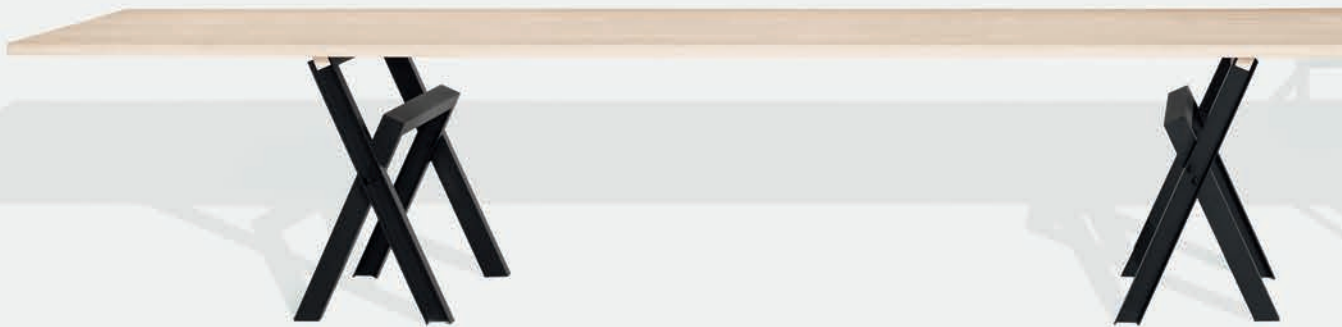

“the name derives from our ability to produce tables in important length. Not to mention the never ending dinners, stories, meetings and social gatherings that will create the patina of these pieces”

**C.O.P.
STORAGE SYSTEM**

**CREATIVE
OFFICE
PROJECT**

DESIGN BY MIKAL HARRSEN

“with the ‘Creative Office Project’ MA/U Studio has set out to provide new standards for furnishing offices and creative workspaces. The C.O.P. system offers an unmatched flexible storage solution with its concealed rail mounting system”
