zanotta:

zanotta:

Heritage

Dal 1954 Zanotta trasforma l'ambiente domestico con coraggio, nutrendolo di bellezza e sperimentazione, perché gli spazi più importanti sono quelli che abitiamo.

La ricerca continua di Zanotta si traduce in creazioni che popolano le nostre case di icone, mettendo sempre al centro le esigenze e le emozioni delle persone.

Zanotta è stata la prima a realizzare una poltrona senza struttura, a saldare l'acciaio al cristallo, a proporre un divano completamente sfoderabile: tutte intuizioni a cui è sempre corrisposta un'evoluzione degli stili di vita, del comfort, del benessere e della socialità.

Da Achille Castiglioni a Enzo Mari, hanno lavorato per noi i più grandi maestri, di cui abbiamo condiviso lo spirito, ma siamo stati capaci di riconoscere anche il valore delle innovazioni del passato: nel nostro catalogo brillano i mobili del Razionalismo Italiano e le creazioni di Carlo Mollino.

Non è un caso se ben 330 pezzi con il nostro marchio sono presenti in 56 musei nel mondo e se 59 prodotti Zanotta sono stati premiati, di cui 4 con il Compasso d'Oro.

Zanotta has boldly been transforming the home environment since 1954, enhancing its beauty while bravely experimenting, because the most important settings are those we inhabit.

Zanotta's ongoing research results in creations which populate our homes with icons, focusing on people's needs and emotions at all times.

Zanotta was the first brand to produce an armchair without a structure, to weld steel to plate glass, to come up with a sofa with fully removable covers: all these intuitions have occurred at the same time as lifestyles have changed, improving comfort, well-being and sociability.

The greatest masters, from Achille Castiglioni to Enzo Mari, have worked with us; we have shared their spirit and have also succeeded in recognising the value of past innovations: furniture from Italian Rationalism and the creations of Carlo Mollino play a starring role in our catalogue. It is no coincidence that a generous 330 pieces featuring our brand are exhibited in 56 museums across the globe and 59 Zanotta products have received awards, 4 of which the Compasso d'Oro.

La filiera di Zanotta è collocata interamente in Italia, perché il Made in Italy è per noi un valore irrinunciabile.

Nel nostro catalogo le componenti più tradizionali e quelle più avanzate si combinano innescando una progettualità nuova, in cui le lavorazioni manuali si accompagnano alla dimensione industriale. Impieghiamo i materiali e le tecnologie più diversi: dal legno all'acciaio, dal marmo alla pelle, passando per l'alluminio, il cristallo e il poliestere rigenerato. L'attenzione all'ambiente, infine, è un'attitudine che ci ha spinti a progettare divani a basso impatto come Za:Za e a rivisitare alcune delle nostre icone in una chiave più sostenibile.

Ogni dettaglio dei nostri arredi è curato con passione e dedizione: portiamo nei nostri prodotti la sofisticata naturalezza tipica di chi innerva i propri manufatti del contributo dei migliori progettisti e delle migliori maestranze.

The Zanotta supply chain is entirely in Italy, because excellence Made in Italy is an essential value for us.

In our catalogue, the most traditional components come together with state-of-the-art elements to generate a brand new way of designing, whereby manual workmanship is teamed with an industrial approach. We make use of the most diverse materials and technologies: from wood to steel, marble and leather, as well as aluminium, plate glass and regenerated polyester.

Last but by no means least, caring about the environment is a commitment which has driven us to design low-impact sofas such as Za:Za and to restyle some of our iconic pieces with a more sustainable approach.

Every detail of our line-up has been impeccably devised with passion and dedication: we inject into our products the sophisticated naturalness typically found in items crafted with the contribution of the finest designers and the best workers.

Coolness

La forza di Zanotta è, da sempre, saper attraversare le epoche del design rimanendone protagonista indiscussa. I nostri arredi hanno interpretato e dato forma a rivoluzioni culturali e del costume, segnandole con una presenza forte e autorevole, ironica e giocosa.

Icone come la poltrona Sacco hanno indicato un nuovo modo di sedersi, contribuendo ad accreditare l'idea che dietro un arredo ci sono anche un pensiero e una visione della società; la serie Quaderna ha trasformato in prodotti domestici le sperimentazioni radicali di Superstudio; con Alessandro Mendini, Andrea Branzi ed Ettore Sottsass Jr. abbiamo rappresentato il Postmodern.

Oggi Zanotta lavora con i designer che meglio interpretano le tendenze contemporanee, rinnovando quel patto speciale che ci lega ai progettisti più coraggiosi e ci spinge ogni giorno a spostare, sempre di più, i confini del nuovo.

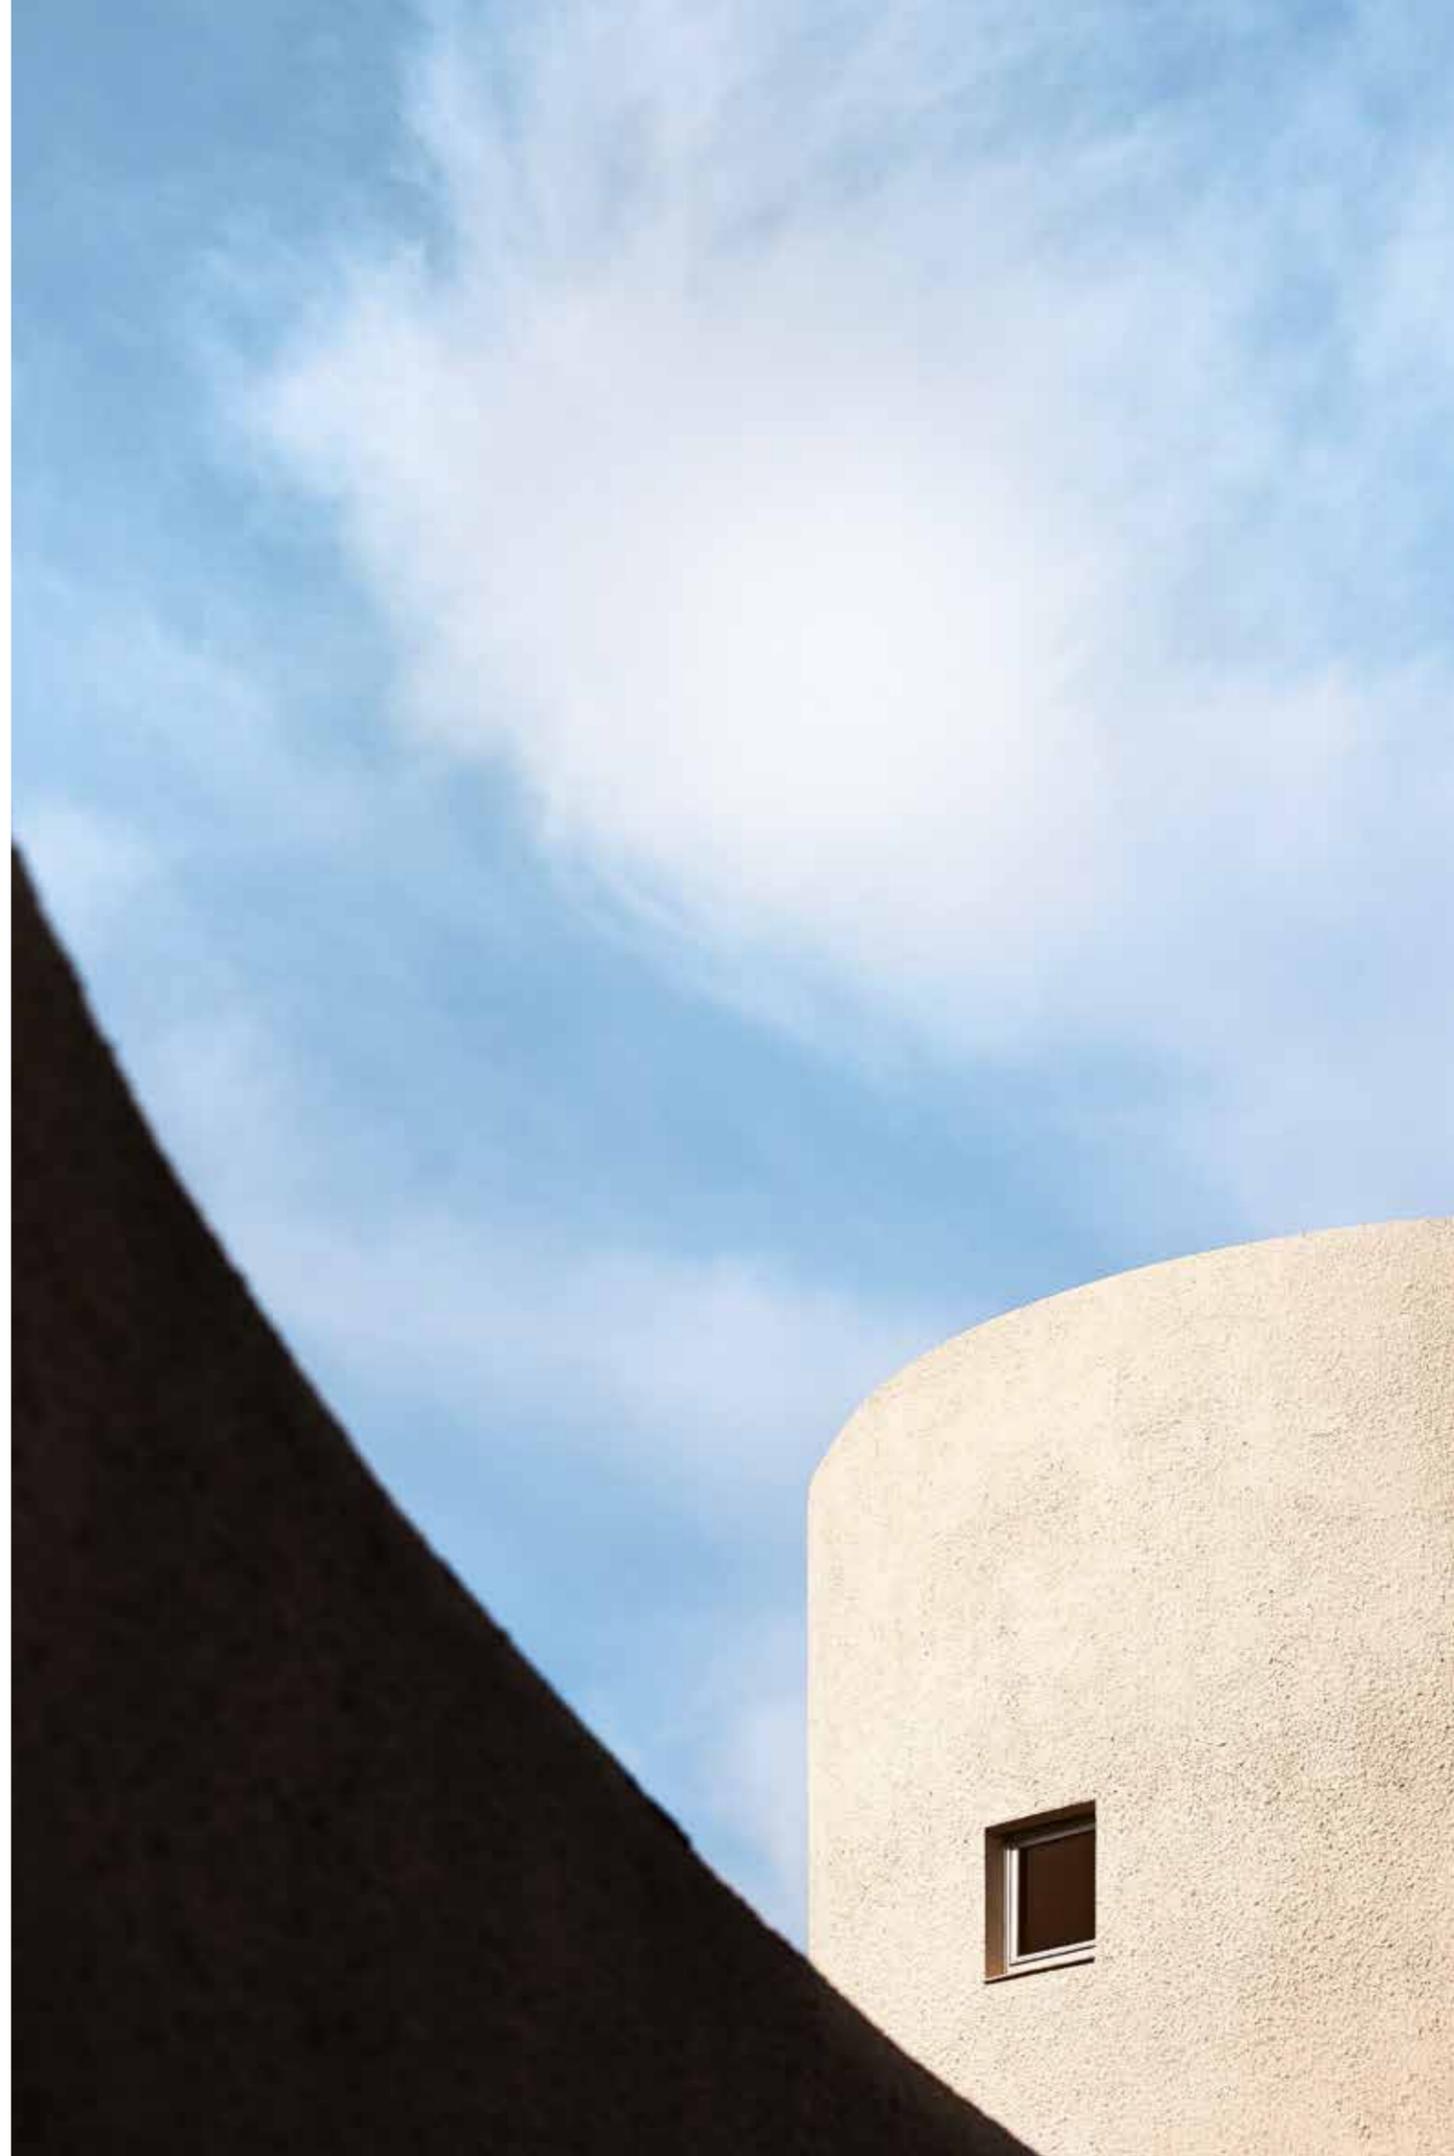

Zanotta's strong point has always been its ability to embrace different eras of design while remaining the undisputed protagonist. Our furniture has interpreted and shaped cultural and costume revolutions, marking them with a strong and authoritative, iconic and playful presence.

Icons such as the Sacco armchair have suggested a new way of sitting, contributing towards the consideration that behind a piece of furniture lies a line of thinking and a vision of society too; the Quaderna series has transformed the radical experimentations of Superstudio into household products; we have presented our take on Postmodern design with Alessandro Mendini, Andrea Branzi and Ettore Sottsass Jr.

These days, Zanotta works with designers who best interpret contemporary trends, renewing that special bond which ties us to the bravest designers and drives us every day to push past the boundaries of novelty, further and further.

I.

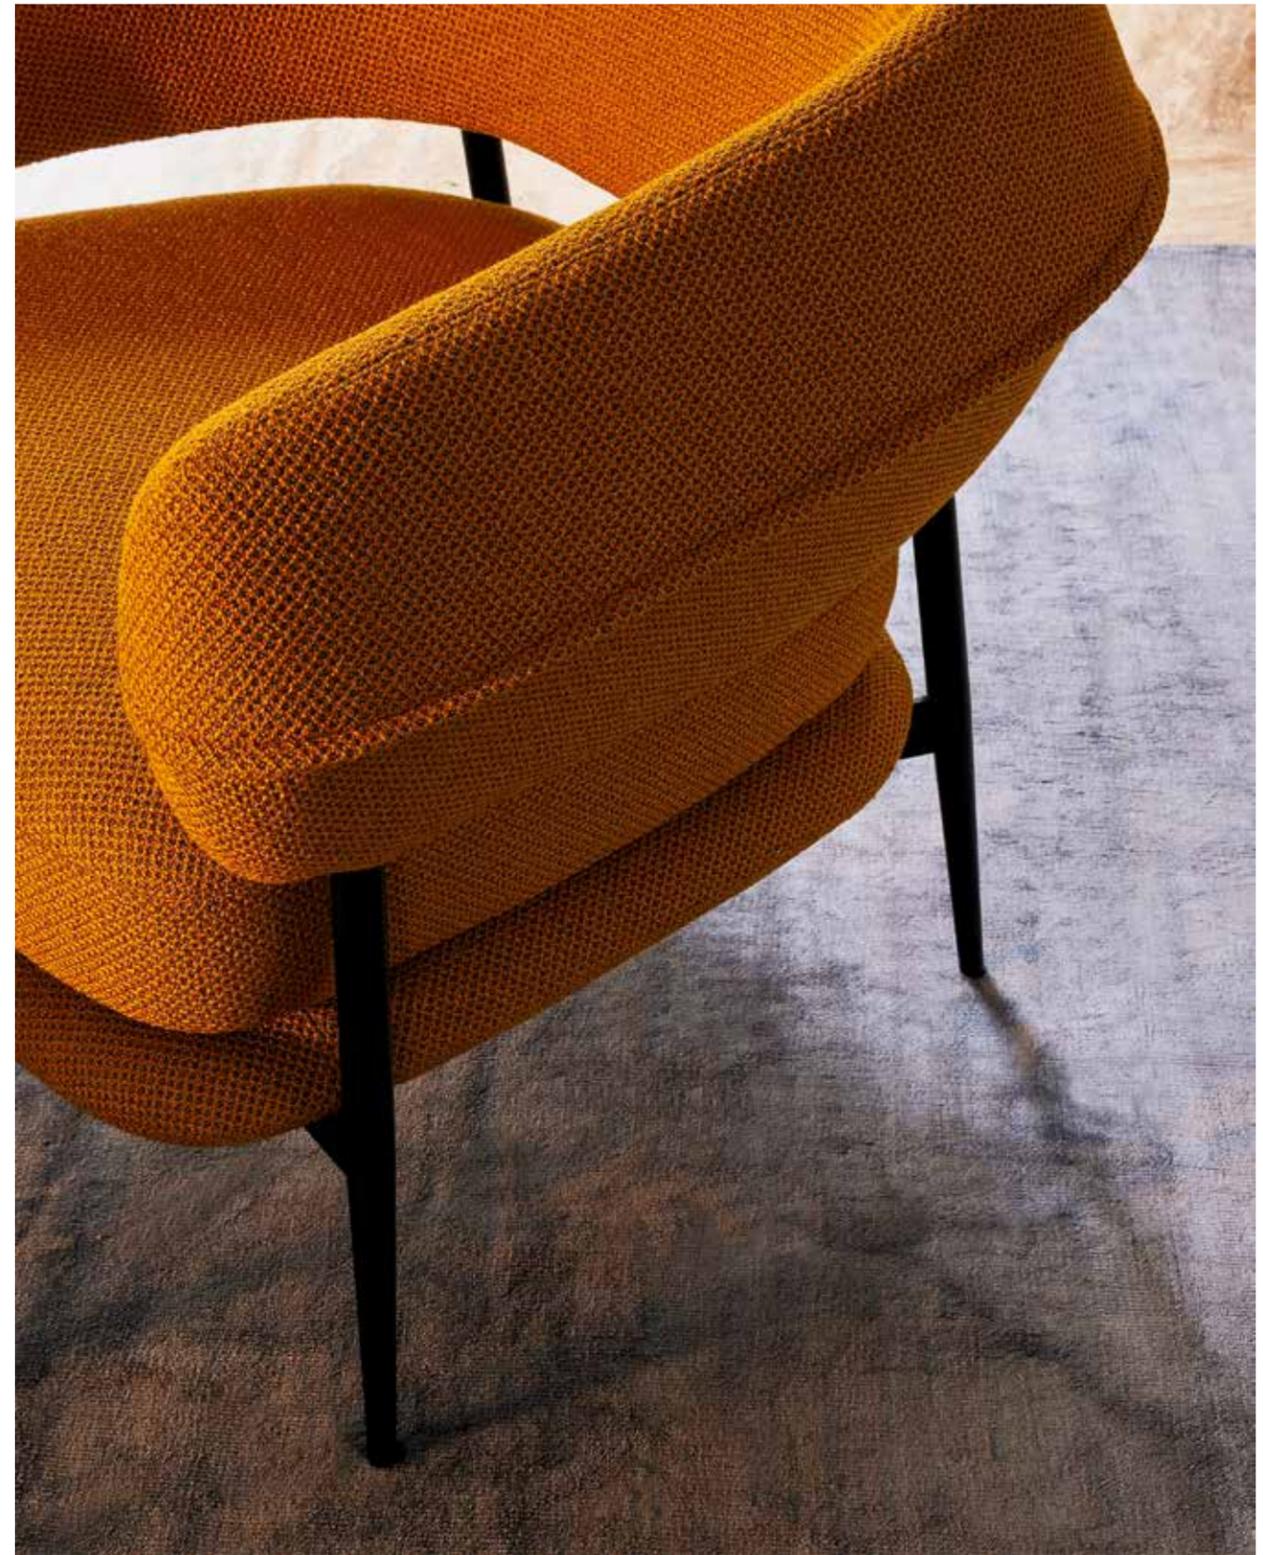

Divano **Bumper** in tessuto Queen 40407; poltrone **Nena Lounge** in tessuto Tocco 32015, struttura nera; tavolino **Graphium** in marmo Calacatta grigio
Sofa **Bumper** in fabric Queen 40407; armchairs **Nena Lounge** in fabric Tocco 32015, black frame; small table **Graphium** in grey Calacatta marble

Dettaglio del tavolino **Graphium**; dettaglio della poltrona **Nena Lounge**
*Close up of the small table **Graphium**; close up of the armchair **Nena Lounge***
